

EXCEPTIONAL CARE FOR TEAM MEMBERS, RESIDENTS, AND THEIR FAMILIES

“Prior to having a chaplain service, we were receiving complaints from our residents about staff attitudes, lack of concern/patience, etc. This past month, we have not had one complaint on file. We had our state review and we were questioned about staff burnout. We told them about the chaplain service and the state was very impressed with this investment in the well-being of our staff.”

Senior Living Chaplains selects, coaches and leads well-trained, experienced, dedicated male and female Chaplain Care Teams to serve senior living communities and skilled nursing centers. Through regular weekly visits and 24/7/365 availability to talk or meet at and away from the community, great care relationships are developed, and real help is given.
